

TOUCH  
THE ONE  
YOU  
LOVE

9100

WITTENBORG

designed to last

## USER-FRIENDLY TOUCH SCREEN

Just put your finger to the 10" HD touch screen and be guided through the many delicious drink choices.

## COFFEE EXACTLY TO YOUR TASTE

Espresso, American black coffee, blended drinks, layered drinks - made Your Way, simply by the touch of your finger.

## FLEXIBLE CANISTER

The flexible canister may offer two blends of coffee beans at the same time to suit different preferences. Each canister contains up to 4.3 lbs of coffee.

## ELEGANT DESIGN

LED lights frame the Scandinavian elegance of the aluminum facia and help ensure that the machine is both user-friendly and energy efficient.

## ADDED FEATURES FOR YOUR CONVENIENCE

The 9100 is a machine for the future and has been designed with a number of features like RSS feed\*, weather forecast and online connectivity.

## PAYMENT SYSTEMS

Payment system or frevend, that is your choice. The machine supports coin or cashless systems at the same time.

## EASY MAINTENANCE

The smart design of the machine, the colour-coding of internal parts, and the intuitive interface reduces maintenance time, optimizes operational costs and improves customer satisfaction.
